

TITLE 7

CHAPTER 10

PUBLIC WORKS CONSTRUCTION SPECIFICATIONS

SECTION:

7-10-1: Recommendation; Modification; Distributions

7-10-2: Conflicting Provisions

7-10-1 RECOMMENDATION; MODIFICATION; DISTRIBUTIONS

The public works director and/or city engineer shall recommend standards and specifications for all infrastructure construction within the city to the city council for approval. Said specifications may be modified by resolution or ordinance of the city council. Said specifications shall also be made available for distribution to the public. (Ord. 03-08-26, 8-26-2003)

7-10-2 CONFLICTING PROVISIONS

In the event of a conflict, the provisions requiring higher standards shall supersede and take precedence over all other infrastructure construction standards and specifications contained in this code and/or city ordinances. (Ord. 03-08-26, 8-26-2003; amd. 2005 Code)
